Ancient Egypt Interim TEST: Travel Brochure

See the Wonders of Egypt!

Imagine that you are pharaoh of Egypt, and you'd like to encourage others to come to your kingdom. Design an informational travel brochure to advertise which parts of Egypt's civilization have made it so prosperous and successful. You will need to highlight the geography, the people, and of course, the amazing attractions. You will need to use your textbook (p. 76 – 96 and R23), the library books and the internet to further your research. Be sure to document where you found ALL of your information [Ex. textbook page______, title of library book with page #, or internet site http://www.____.com].

- 1. **GEOGRAPKY**: Describe the size and population of current-day Egypt. Describe the climate (weather conditions) of Egypt. Describe the diverse landscape/physical featureS such as the Nile, mountains, deserts... Explain the significance of the Nile River.
- 2. **PEOPLE**: Describe life in Egypt (current or past) Describe how the geography would affect the people who live there, how they get their food, important crops/exports, what kinds of shelters they might need to build, and what obstacles they might face in living in this place. Highlight a significant achievement or invention created in Egypt's early history.
- 3. <u>ATTRACTIONS</u>: Include information about 3 spectacular places people have to check out such as the Pyramid of Giza, Valley of the Kings, Abu Simbel, the White Desert, the Karnak, King Tut exhibit, Mt. Sinai... Please provide at least 2 WOW facts for EACH attraction given.
